TC 1700

SIR:

This amendment is filed in response to the Office Action of August 20, 2001. Please reconsider the application in view of the amendments and remarks presented below.

AMENDMENTS

Claims

Please amend the following claims:

4. (Once amended.) A solid-electrolyte battery comprising:

an elongated positive electrode;

a positive electrode terminal welded to said positive electrode;

an elongated negative electrode disposed opposite to said positive electrode;

a negative electrode terminal welded to said negative electrode; and

a solid-electrolyte layer provided for the surface of at least said positive electrode

and said negative electrode, wherein
